Colloquium

CS & BME

Colloquium **Data Science**

It is a pleasure to invite you to the colloquium for our Professorship in Data Science at Graz University of Technology. The public part will be a short educational presentation at Bachelor's level 2nd semester in Computer Science on topic Linear Regression, a scientific talk (titles below), and a discussion with the audience.

Marko Tkalcic: "From Amateur Musicianship to Computational Predictors of Media Consumption Experiences"
13.2.2023 | 09:30 h | HS i1| Inffeldgasse 18/EG

Christian Hilbe: "Exploring human cooperation with models and data"
13.2.2023 | 13:30 h | HS i1| Inffeldgasse 18/EG

Elisabeth Lex: "Data science in the digital age: computational methods to model and predict user behavior and social phenomena"
14.2.2023 | 09:30 h | HS i1| Inffeldgasse 18/EG

Fabiana Zollo: "Investigating Social Dynamics in the Digital Era: A Data-driven Perspective"
14.2.2023 | 13:30 h | HS i1| Inffeldgasse 18/EG

Fariba Karimi: "Vortragstitel"
15.2.2023 | 09:30 h | HS i1| Inffeldgasse 18/EG

Denis Helic: "Bayesian Methods for Data Science"
16.2.2023 | 09:30 h | HS i1| Inffeldgasse 18/EG

Tiago Peixoto: "Network Data Science: Modeling, inference, and reconstruction"
16.2.2023 | 13:30 h | HS i1| Inffeldgasse 18/EG
