

# Colloquium

# CS & BME

## Security & Privacy

It is a pleasure to invite you to the colloquium for our Tenure Track Professorship in Security & Privacy at Graz University of Technology. The public part will be a short educational presentation in at Bachelor's level 3<sup>rd</sup> year on topic *Digital Signatures and Applications*, a scientific talk (titles below), and a discussion with the audience.

**Jiska Dorothee Classen: "Wireless Research Frameworks on Mobile Devices"**

08 February 2020 | 09.15 h | [WebEx](#)

**Julian Loss: "Foundations of Blockchain Systems"**

08 February 2020 | 15.15 h | [WebEx](#)

**Bernardo Magri: "Subversion-resilient Cryptography"**

09 February 2020 | 09.15 h | [WebEx](#)

**Maria Apostolaki: "Building Secure Distributed Systems Atop the Insecure Internet"**

09 February 2020 | 12.00 h | [WebEx](#)

**Tianhao Wang: "Collecting Sensitive Data with Local Differential Privacy"**

09 February 2020 | 15.15 h | [WebEx](#)

**Jiaxin Pan: "Cryptography for Large-scale Applications"**

10 February 2020 | 09.15 h | [WebEx](#)

**Mark Simkin: "Foundations of Oblivious Data Structures"**

10 February 2020 | 12.00 h | [WebEx](#)

**Michael Walter: "Lattice-based Cryptography: Closing Gaps between Theory and Practice"**

10 February 2020 | 14.15 h | [WebEx](#)
